

## **Stewardship Principle #1**

**100% of my income - 10% to my Heavenly Father =  
+ 100% (my financial situation improves)**

## **Stewardship Principle #2**

**100% of my time - 10 % devoted to becoming  
God's intimate friend =  
+ 100 % (my days become more productive)**

***Just as I can't afford financially to quit giving  
generously to the Lord's work, I can't afford to  
attack my day's activities without being connected to  
my loving Father.***
